

## Hampton Lakes Primary School: Nursery Consultation

Monday 19 April 2021 - Monday 17 May 2021

Hampton Academies Trust is planning to open its first nursery at Hampton Lakes Primary School in September 2021. As part of the process for opening the nursery, we are required to consult with local stakeholders about our plans.

Hampton Lakes Primary School opened in September 2019 and moved to its new building in October 2020. As part of the planned expansion of the school we would now like to add a 26 place nursery for 3 and 4 year old children.

We are fortunate that our building has a purpose built nursery classroom, with its own outdoor learning area. Having conducted market research with local families, we are confident that there is sufficient local demand to open in the autumn. As part of the process to gain final approval to open the nursery, we are consulting with a range of local stakeholders.

### How do I take part in the consultation?

The addition of the nursery will NOT change the Admissions policy of the main school. Details of how to apply for a place at the nursery are on the consultation section of the school's website.

A place in the nursery does not guarantee a place at the school in Reception.  
If you wish to comment on the process of gaining a place at the nursery, or any aspect of the proposal, please add free text in the comment box below.

**Comments:**

Any comments received before the closing date of Monday 17 May will be considered by the Hampton Academies Trust as part of the pre-opening planning for the nursery. We look forward to hearing from you and would like to thank you for your interest in Hampton Lakes Primary School.
